

PRACTICE AREAS

BUSINESS CONSULTING

While some of the services that Veritas Advisory Group, Inc. provides to our clients are only performed in the context of litigation, many of the financial, economic, market, and valuation analyses we perform are common to both clients outside the litigation environment and to companies involved in a dispute. Our professionals' strong backgrounds and degrees in accounting and finance enable us to efficiently and effectively obtain and analyze relevant financial and economic information to be used by our clients in the context of both litigation and non-litigation matters.

The following are examples of some of the services we have provided in the past to our clients on general consulting engagements:

- Asset valuation
- Business valuation
- Acquisition review
- Economic modeling
- Financial and accounting fact finding
- Information management
- Analysis of internal controls

**Veritas Advisory Group, Inc. employs professionals with degrees in the fields of accounting, finance, construction, and engineering with a diverse and complementary set of skills; however, Veritas is not a CPA firm.*
