

Senior Consultant

aCaldwell@VeritasAG.com

Office: 214-720-1995

ALLISON P. CALDWELL

Ms. Caldwell's responsibilities include review and analysis of all aspects of construction claims, schedule analysis, productivity impacts, cost overruns, and additional work. She has consulted on a variety of projects including stadiums, high-rise condominiums, and convention centers.

Prior to joining Veritas, Ms. Caldwell's work experience included design and drawing updates and analysis of engineering failures. In addition, as Operations Manager for a firm in the apparel business, she streamlined the purchase order process and gained insight into freight, inventory, shipping, and online commerce issues.

Education

BS Mechanical Engineering
University of Texas at Austin
